Office of Planning, Design and Construction

CONSTRUCTION ACTIVITY NOTICE

New Science Center – Phase 1

March 21, 2016, 6/10/16, 6/16/16, 8/1/16, Updated 9/21/16

Adjacent Building Occupants of Morley Science Center, Jenness House, Hardy House, Lambert House, ABC House & Spring Street Merchants

This correspondence provides a status update for the New Science Center – Phase 1 @ 18 Morley Circle.

May 2016 through May 2018

Work Activities: Construction of a new Science Center

Impact to Adjacencies:

- Williams College is pleased to announce an update on our New Science Center on the Southwest of Morley Science Center located at 18 Morley Circle.

- The upper portion of Morley Circle will be closed / restricted to through traffic as structural steel erection is scheduled to be the week of 9/26/16, (see attached updated logistics plan). Vehicles can still turn around as shown on the attached plan when accessing the top of Morley Drive.

- Concrete footings and wall placements are scheduled to finish during September, truck traffic and deliveries shall continue to be expected. Concrete floor placements will be scheduled as steel erection is completed and levels are “turned” over for completion.

- Walden Street will be closed to through traffic on 9/22/16 as work on the visual mock-up is completed.

- The visual mock-up will be completed the week of 10/3/16 for formal review by team.

- The loading dock for Morley Science Center will not be accessible for deliveries on 9/27 & 9/28 as the rain water harvesting tanks are scheduled to be installed.

- An updated logistics plans is being developed to illustrate the utility work which is currently being planned and scheduled for late October and this plan will be published as soon as available.
