Congratulations!
Your project has achieved LEED certification.

Now what? First, you should take a second to congratulate yourself and your colleagues on a job well done! One of your projects, 1000031863 Weston Field Sports Complex, has joined a select group of innovative buildings who have demonstrated their commitment to sustainability.

Next, it's time to share your building's story. Here are some great articles to get you started:

- [Your LEED project is certified! Here's how you can start promoting it](#)
- [PR guidelines to promote your LEED-certified project](#)

If your project was marked confidential in LEED Online, make sure to switch it to public so you can showcase your success in USGBC's [project directory](#).
