11/9/2016

Danforth Block Occupants

This correspondence provides notification for the Danforth Block Roof Replacement.

Dates for Activity: November 14 – December 9

Work Activities: Pedestrian protection measures/Roof Replacement

Impact to Adjacencies:

Planned work during week of 11/14:

- A Pedestrian Protection Walkway will be installed along west side of building at upper sidewalk. The scaffolding will be 6’-0” wide x 8’-0” high and will maintain building entry points and circulation patterns.
- Secondary scaffolding will be erected on south side of building for roof access for work crew.
- The Tenant Parking spaces along the east side of the building will be relocated to center of lot, with temporary signage indicating the 8 spaces.
- The back porch (east side) will have pedestrian circulation limited to the northernmost stair only to allow for a construction staging area to occupy the existing tenant parking spaces.
- A truck crane, dumpster and select materials will be delivered to the east side of the building.

Planned work during weeks of 11/21 – 12/9

- Roof demolition and replacement will commence and be completed in select sections to maintain a watertight enclosure each day.

- Work hours for this project are 8am-5:30 pm, Monday through Friday, Saturday 9 am – 5:30pm
