Adjacent & Building Occupants of: Doughty House

This correspondence provides a status update for the DOUGHTY HOUSE ADA IMPROVEMENTS PROJECT

**Dates for Activity:** June 5 to August 25

**Work Activities:** Work is scheduled to commence on Monday June 5th. This project will bring Doughty House into compliance with current MA accessibility regulations. This will include the installation of a handicap ramp on the north side and interior alterations to the first floor kitchen, bathrooms and laundry area. The existing egress stair serving the second and third floors will also be re-configured to bring it into compliance.

**Impact to Adjacencies:**

- With the exception of the ramp work on the north side, all of the other work is confined to the interior of the house.
- Doughty has a generous site that will be able to support the placement of dumpsters and contractor parking on the site.
- Increased activity around the site and the normal level of noise and disturbance associated with construction activities should be anticipated.
- Normal work hours are 7:00 AM to 5:00 PM but may be extended later in the day or on Saturday as required to maintain schedule.
