CONSTRUCTION ACTIVITY NOTICE

Stetson Court repair

February 22, 2018

This correspondence provides notice for work proposed on Stetson Court.

Work Activities: Stetson Court road repair

Impact to Adjacencies:

- The road surface of Stetson Court has failed in sections starting near Weston Hall down to Horn Hall.
- We will be repairing the road starting Monday, February 26. This work will take approximately 5-6 days to complete.
- Activities include removing the pavement, installing a gravel subbase and new pavement in the section between Weston Hall and Horn Hall.
- One lane of traffic will be maintained, though it would be encouraged to use alternate routes, such as accessing the Brooks Parking Lot from Hoxsey Street and not Stetson Court. "Road Closed to Thru Traffic" will be placed at the intersection of Stetson Court and Main Street and also near the entrance to the Miller House Garage.
- Access to the Perry House Parking Lot along with the Weston Hall Parking Lot will be maintained as the work area begins after the entrance to these lots.
- Access to Brinsmade, Gavit and Johnson House, along with the Miller House Garage will need to be from the Health Center access road.
- Carlton and Leigh House driveways will be most impacted. Temporary parking arrangements can be provided to limit the overall disturbance.
- Pedestrian access will be maintained at all times to all buildings, though the most direct route to each building may be adjusted temporarily – please follow the signage that will be installed.
- Work hours will be 8AM-5PM. There will be a large amount of construction activity and noise associated with this work (excavators, dump trucks, rollers and paver equipment).
