CONSTRUCTION ACTIVITY NOTICE
Bronfman Temporary Crane Activity

May 21, 2018

This correspondence provides a notification of work associated with equipment moves from Bronfman to the South Science Center.

Impact Areas:

Bronfman Parking Lot

Projected Dates for Activity: May 23 and/or May 24, 2018

Work Activities:

- Bronfman equipment extraction using a portable crane.

In order for some existing heavy scientific equipment to be removed from Bronfman to the South Science Center a small portable crane will be used to lift these items from a lower level of Bronfman via an existing mechanical areaway. The crane will temporarily park in the Bronfman parking lot for the pick and load to an adjacent truck for transport to the South Building. The crane will not be needed for off-loading at the South Building.

Parking and circulation in the Bronfman parking lot during this time will be limited.

If you have any questions or concerns, please contact:
