CONSTRUCTION ACTIVITY NOTICE
Bronfman Electrical Infrastructure Mods

May 17, 2018

This correspondence provides a notification of work associated with decoupling and refeeding parts of the Bronfman Science Center electrical infrastructure in anticipation of the demolition of Bronfman. Although this work is associated with Bronfman decoupling, the actual work will occur in electrical rooms at Clark Hall, West College, CTD, the interconnecting tunnel and Bronfman.

Impact Areas:

Primary: Clark Hall and West College
Minor: CTD, Bronfman

Projected Dates for Activity: May 25, 2018 6:30am until no later than 6:30pm

Work Activities:

- Electrical Infrastructure Decoupling and Refeed: **May 25, 2018**

POWER OUTAGE

Starting at approximately 6:30am on May 25 the electrical power to Clark Hall and West College will be temporarily shut down to allow a safe working environment for the required work. Power should be restored no later than 6:30pm.

Power to CTD and Bronfman will remain on and activities within CTD and Bronfman will not be disrupted. Electricians will work primarily within electrical rooms at Clark Hall, West College, CTD, the interconnecting tunnel and Bronfman to execute the work. This work is anticipated to be inside work to produce minimal noise.
