CONSTRUCTION ACTIVITY NOTICE

Perry House steam line replacement

June 1, 2018

This correspondence provides an update for the Perry House steam line replacement.

Work Activities: Construction beginning on June 11, 2018.

Impact to Adjacencies:

- Replacement of the steam line in the parking lot area of Perry House is scheduled to begin on June 11, 2018. During the past winter, a section of this steam line failed and was temporarily repaired until replacement could happen this summer.
- The work is within the parking lot and grass area next to Perry House. The Perry House parking lot has two entrances/exits – one of them will be closed along with 6-8 parking spaces during construction. Student access to the building will not be impacted.
- No work is scheduled within Stetson Court, therefore traffic and parking along Stetson Court will not be impacted.
- Work activities include excavation, asbestos abatement, pipe removal and new pipe installation.
- A chain link fence will be installed along the perimeter of the work area.
- Construction is expected to be completed by September/October of 2018.
