CONSTRUCTION ACTIVITY NOTICE

Brooks Parking Lot Access Drive

October 18, 2019

Brooks Parking Lot Access Drive.

Work Activities: Replacement of the Brooks Parking Lot Access Drive - Update

Impact to Adjacencies:

- On Tuesday, October 22, the top layer of pavement will be placed at the connector road. On this day, increased truck traffic will be experienced along Stetson Court.
- On Wednesday, October 23, the entrance to Stetson Court from Main Street will be paved to repair the existing potholes. While alternating one lane of vehicle traffic will be maintained, parking along the sidewalk near Weston Hall will not be allowed.
- All of this work is weather dependent. As time gets closer and the weather forecast is better understood, another notification will be sent should the dates need to be changed.
- Further circulation of this document would be greatly appreciated.
